Kindergarten Testing

State board rule (R277-419) allows districts to designate educational service days at the beginning of the school year for kindergarten assessment. To provide information essential for schools to best serve the academic and other needs of incoming kindergarten students, the Davis School District will implement kindergarten testing as follows:

August 18-19: No regularly-scheduled school for kindergarten students. Students attend individually scheduled testing appointments.

August 20: First school day for all kindergarten students.

Option: With school director approval, a school may opt to hold kindergarten testing on two days: August 11-14 (moving professional and contract days for kindergarten teachers to August 18-19).
